Class History

As I look back upon our high school years, I recall seventy-one green freshman entering Denton High School in the fall of "54". We were looking forward to the next four years. We realized that entering high school was an important step in our lives.

Our freshman year with our large class presented a problem, so we were divided. We elected as our presidents Johnny Harrison and Tony Buie, and under the leadership of our sponsors Mr. John Huffman and Mr. A. M. Snider, we had a very enjoyable year.

As we began our sophomore year, our class had diminished. We had a class of fifty-eight students and had as our presidents Ned Surratt and Johnny Harrison. This was a special year for some, those who were elected waiters and waitresses for the Junior-Senior Banquet and those who became members of the basketball teams. Our sponsors were Miss Anne Mason and Mr. A. D. Cannon, and with their help we had a very successful year.

Our junior year was what we had waited for. First of all, we elected our class president, Ned Surratt. There was much excitement and much anticipation, although there was a lot of work, too. I guess the three most outstanding things were getting class rings, becoming members of Beta Club, if you were lucky, and the Junior-Senior Banquet. The theme for the Junior-Senior Banquet was a "Southern Plantation Garden Party." Everyone present thoroughly enjoyed it.

At last we were seniors, and hoping we could claim the largest graduating class of D.H.S., forty-eight. With the help of our very able sponsor, Mrs. Jack Smith, and our class president, Angie Robbins, we started the year off with a bang. We served on the Dentonian and Phoenix staffs, played basketball, and participated in many other activities. Then we selected superlatives and planned our graduation, the long awaited day. We have experienced many happy occasions which will never be forgotten.

We, the Seniors of '58, wish to express our thanks to our senior sponsor, Mrs. Jack Smith, who has helped us through this year in such a wonderful way. We would also like to say "Thanks" to our principal, Mr. Jones, and to our parents, without whose help we would never have achieved our education.

Class Poem

We are very proud this year
To be the Senior Class.
With good times and hard work,
The years have gone so fast.

Our parents and our teachers:
You've been so loyal and true;
To you we owe a debt
Of everlasting gratitude.

In these twelve years we've learned
The principles of life:
Fellowship, sportmanship,
And faith to face all strife.

We'll miss ole Denton High
And all our friends so dear.
Their memories will linger with us
Throughout every future year.

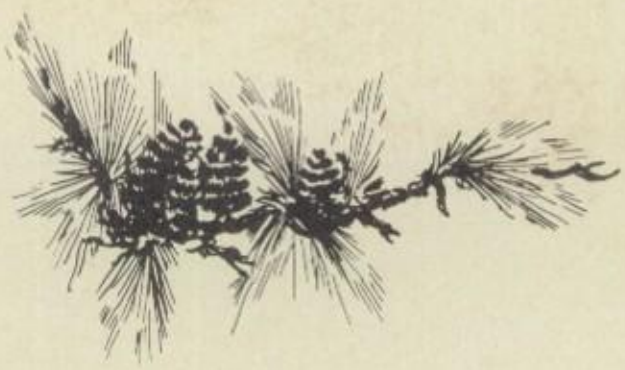
Class Poet



Class Song

(Tune-So Long, It's Been Good To Know You)

So long, it's been good to be here;
We bid our last "adieu" here.
Though we'll miss our friends and play,
We'll be on our way thru life,
Doing just the best we can.

Twelve years we have strived to bring
this day on;
We've worked and we've played to make
ourselves strong.
Though hate as we do to bid thee farewell,
All good things must end;
But memory will dwell.

Senior Statistics

Here is what you have all been looking for--the deep, dark, mysterious, dope on the seniors. So put on your dark glasses, fasten your safety belts, and read.

The average senior girl is approximately 5'6", weighing 115 pounds, with a toss-up between black and brown hair with blue and brown eyes. The boys are very nice, standing approximately 5'9" with brown hair and blue or brown eyes.

The interests of the seniors vary; but everyone seems to enjoy Rock and Roll, Elvis Presley, popular, and even "Long Hair" music. So it is no surprise that the most watched TV Program is "The Big Record." A major interest is basketball; everyone agrees that this is tops. It is possible that some of us are prejudiced, since quite a few are either on the team or cheerleaders. To prepare for a big game the seniors indulge in their favorite foods, steak and spagetti.

In baseball the Dodgers rank first with the Yanks coming in close behind.

However, in the screen world Jayne Mansfield and Rock Hudson rank highest. Movies at theaters in or around Denton are the reason for this.

June is a very popular month with the seniors, especially the girls. Anytime you see something blue, it's probably a senior, as most of us prefer blue as a color, but never for a "mood."

Never let it be said that the seniors are not a lively group. If they stay the same, success is sure to follow. The majority of the seniors are very busy and ambitious, wishing to be nurses, engineers, secretaries, teachers, etc.

The future looks bright!

That's about all of the dope on the seniors. Quite a crowd, those seniors!

Class Prophecy

The day-May 20, 1978.

The place-Rocket airport #83416 at Denton, North Carolina, the largest industrial city in the South.

The occasion-The 20th anniversary celebration of the graduation class of 1958.

The honored members should arrive any moment now.

Yes, there comes a man that has done much to industrialize this city. It's Johnny Harrison, the inventor of the first ray gun, the production of which was Denton's first large industry. With him are his secretaries, Ann Lanier and Deanne Rash.

The sounds of rockets are getting louder now as more guests arrive.

Stepping off her bright, red rocket is Janet Anderson, the famous actress, with a few of the other guests who have consented to entertain for this occasion. Yes, there's that hilarious harmonica gang: Norman Henderson, Ben Allen, Thomas Adams, and Max Bisher. They caught a ride with Janet from their homes in Beverly Hills.

Here comes some more guests.

It's Ellen Andrews, the celebrated art critic, now arriving with her understudies, Cynthia Bradshaw and Kirksey Michael.

Zoooooom!! What is that? Oh, it's those two racerocket drivers Tony Buie and Austin Cook, arriving in their new 2 million horsepower rockets. Wait a minute - there are Kenneth Cook and Bobby Dunn riding co-pilot with them.

It looks cloudy, but weathermen Lowell Fine and Rayvon Frank have promised us no rain.

Here are some more great industrialists of this city - Gallimore and Gallimore, better known as Darrell and Donald, builders of the first gasturbine powered train. Their secretary, Lillian Garner, is with them.

Behind them are their competitors Garner and Garner, known by friends as Jerry and Kenneth. They are working on the idea of running a train with energy from the sun. With them is their secretary, Nancy Goins.

Now arriving are more ladies. There are Evelyn Frank and Barbara Harris, two nurses from the newly constructed D. Ed Hill Memorial Hospital.

Right behind them are Dr. Hoyt Harris and Dr. Clarence Loflin, who got off work at the hospital for the celebration.

There are Susan Garner and Nancy Hunt arriving from their new homes in Silverwood, a restricted housing development near the southern limits of Denton. This place was once called Handy, I think.

Why, there's Ned Surratt, center on the world-champion Denton Dribblers basketball team. Some of his fans are around him. Oh, there are those two well-known old maids, Geraldine Lax and Sara Dell Little, getting his autograph.

Arriving now is the newest hit on Broadway. It's that sing and dance act, "The Loflins," consisting of Barbara, Janet, and Fay Dean.

Who's that man with a pencil in his hand? Why, it's Roy Lee Morris, and that's not a pencil; it's a miniature microphone. I understand he and the big man over there with the small television camera, just opened the new television station, WICU-TV.

That man behind the title TV camera looks familiar. It's Grayson Reid, cameraman and techinician at the new station.

This class of 1958 certainly seems to have teamed up. Yes, here comes about the richest team of all. It's L. H. Snider and Max Newby, who discovered oil near the coast of North Carolina. That certainly is a beautiful gold rocket they're flying.

There's the famous "Revlot" cosmetics queen, Angie Robbins, with two of her district saleswomen, Loretta Nance and Marilyn Russell.

Here comes that "old dirt farmer," Wade Snider. Call him "dirt farmer" if you like, but he has a beautiful 5,000 acre farm just north of Denton.

President and Vice-President of the Badyear Plastic Co. are now landing - Clarence Glover and Jeff Wilson, pioneers in the manufacture of plastic tires for rocketmobiles.

Now arriving are those two well-known baseball players for the Los Angeles Dodgers, Bobby Taylor and Benny Owens.

Well, we're all here except-say, what are all the guests clapping for? Oh, it's our 1958 class sponser, Mrs. Sara Smith, arriving in her old beat up 1968 Plymouth. (Schoolteachers <u>still</u> don't get paid enough.)

Now, everyone's here and it's time to go out to our ultra-modern gymnasium for a big party. I think I'll jump in my old 1918 T model coupe and drive to the party. Broke? What do you mean? This car is 60 years old; it's worth $10,000.00

As the light is turned out on the last nights' work on this yearbook, a sigh is heard; and in our hearts a deep feeling of gratitude is felt for those who have assisted us in obtaining our goal. This goal, leaving a record of outstanding memories and numerous contributions made by the seniors of '58, we hope has been accomplished.

We issue our thanks to Mr. Jones and the faculty for their co-operation and patience.

To Mrs. Smith, we express our thanks for many hours of work and worry and for the helpful hints and guidance she has given us.

Last and certainly not least, we wish to express our appreciation to the annual staff for all the work and co-operation they have given us in making this, our yearbook, a great success.
